Novus Gear - Holdback and Clutches

www.novusgear.co.za

MARLAND - BC-MA Model Backstops

Marland backstops protect inclined conveyors from reverse torque runaways, optional automatic lubrication.

MARLAND - Cecon Clutches

CECON clutches ensure continuous, high-speed operation in harsh conditions with a safe disconnect feature.

FORMSPRAG - FS, FSO, GFR & GFRN

Self contained freewheel clutches.

MARLAND CEBMAG

CEBMAG clutches protect kiln drives during emergency shutdowns by controlling dangerous reversals.

BIBBY Torque Limiters

Bibby torque limiters offer manual or automatic reset options for high and low-speed applications in harsh environments.

Compomac Torque Limiters

Torque limiters provide precise overload protection with rapid disconnection and automatic re-engagement.

Novus Gear - Holdback, Clutches and Brakes

STIEBER - Centrifugal Lift Off

Overrunning, indexing and backstop.

STIEBER – Gearbox Load Sharing Holdback

Custom built adjustable gearbox mounted load sharing holdbacks for incline conveyors.

STIEBER - RSR Load Sharing Holdback

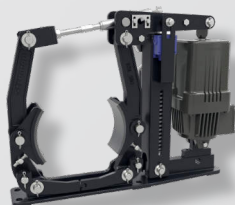

The RSRV and RSRT are centrifugally lift-off sprag type high speed backstops with integral torque limiter.

STIEBER - CSK Series

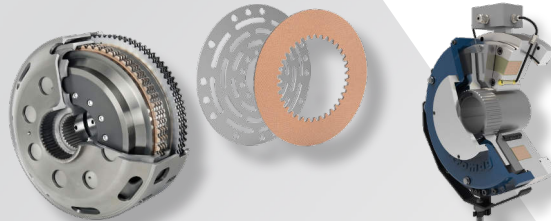

Combined bearing and freewheel products.

STROMAG - SDB Brakes

Spring-applied, electrohydraulic DIN 15435 safety drum brakes feature automatic wear compensation for constant torque.

Stromag - Friction Clutches and Brakes

Friction disc clutches provide essential drivetrain power transmission across automotive, marine, conveyor, and heavy industrial machinery systems.
